Experiment ♦ Build ♦ Invent ♦ Enjoy

Lees Corner PTA Sponsored After School Clubs

Wednesday

Minecraft Adventure Map (Grades 1-6)

Class dates: April 18th – May 23rd (6 weeks)

Class time: 3:45pm - 4:45pm

Is a video game really just a video game? Or can it be used as an engaging STEM tool? This class uses the extremely popular game of Minecraft to teach students various STEM skills such as engineering, architecture, and logical thinking. Have you ever wondered what goes into making a Minecraft adventure map? Learn the skills necessary to make your very own adventure. Creating a playable map allows the student to develop their own story within Minecraft using skills already known and ones acquired in the class students will be exposed to storyline structure, texture pack design, and will be able to test their worlds in a fun environment!

*Students split up into 2 groups by grades: 1st to 3rd and 4th to 6th

Fee: PTA member cost: \$110; Non member cost: \$120

Registration and payment link: <http://www.littleeinsteinexplorers.com/Club.html>

Enter school Code: Lee14014

Little Einstein Explorers goal is to motivate and inspire children to be long-term participants and future contributors to STEM!

For over 6 years, Little Einstein Explorers has been a partner to the Lees Corner ES community, providing enriching STEAM (Science Technology Engineering Art and Math) after school clubs! Our popular clubs at Lees Corner include Lego® Robotics, 2D Animation, Stop Motion Animation, Minecraft Engineering, 3D Game Design/Coding, 2D Game Design, Minecraft Command blocks, Minecraft Modding, and Fashion Design. We have something for everyone! Feel free to reach out to us with any questions!
